

Dear Families,

We are looking forward to meeting new Second Graders in August. To help your current first grader be ready for second grade we recommend the following:

- Read daily. Go to raz-kids.com. (Your child will use their first grade teacher's username and their own password from 1st grade) Get a library card. Check out books and books on audio.
- Practice math facts about 10 minutes a day. Write each set on index cards. When your child knows one set add the next one. "Fluently" means they can tell you the answer within 3 seconds.
- Practice both the first and second grade Word Wall Words **on the back of this sheet**. Make up index cards and practice 5 words at a time, adding more when your child is able to read the words automatically.

If you work with your child daily on the above items, your child will be ready for a great year in second grade!
